

CONNOR'S CASE NOW SETTLED

By Vote Of Fifty To Twenty-Three, Measure Aimed At Lieutenant-Governor Was Defeated In Assembly.

HIGH LICENSE LAW IS ALSO DEAD

Potter Leads Valiant Fight Against The Measure--Call Of The House Was Threatened, Then Adjournment Brought The Vote.

[SPECIAL TO THE GAZETTE.] Madison, Wis., June 25.—By a decisive vote of 50 to 23, the assembly this morning killed the measure aimed directly at Lieutenant-Governor W. D. Connor by his political enemies. The measure has caused considerable hard feelings during the past winter, but the result this morning showed that Mr. Connor's enemies belong to the "skidoo" class.

Prohibit Membership. The measure, if passed, would have prohibited any political candidate from being a member of the state central committee. Mr. Connor is state chairman of the republican state central committee and his enemies claimed he used undue influences in his campaign last fall. To prevent a repetition of the condition the measure was framed up.

Davidson Victory. In a way, the vote is a Davidson victory as Connor was influential in securing his nomination and Davidson will probably be a candidate for re-election as will Connor. The vote today settles the matter for all.

High License Bill. The assembly also killed the high license bill by a vote of 37 to 34. This was by far the hottest fight on the floor of the house that has taken place this winter. Today's battle was stubborn and at one time a call of the house was threatened.

Final Vote. The final vote was obtained by a motion to adjourn, which cut off all further filibustering and brought the issue to a vote. Potter led the forces opposed to the measure and much bitter personal debate was heard between the two factions.

Hard Work. The hard work with an adjournment in view next week, is being rushed along and everywhere evidence is shown of the desire of the members to get through with the present session's work. Several matters of importance will come up for vote today and tomorrow.

DEPUTATION GOES TO ATTEND CONFERENCE

Peace Conference Receives Prominent Men's Opposition to War and Its Evils.

[BY ASSOCIATED PRESS.] The Hague, June 25.—The president of the peace conference, M. Nelidoff, today received a deputation from the Christian churches throughout the world who presented an address urging the conference to ensure peace, justice, and humanity. The address was signed by all the leading churchmen of Great Britain except the Catholics, who refused to participate even indirectly in the conference to which the Pope was not invited. None of the American Catholic bishops signed the address.

HAYWOOD TRIAL HAS ORCHARD ON STAND

Would Impeach Harry Orchard's Story of His Dealings With Haywood.

[BY ASSOCIATED PRESS.] Boise, Idaho, June 25.—When the Haywood trial was resumed this morning Harry Orchard was called for the purpose of allowing the defense to complete the foundation for his impeachment.

Orchard denied having made threats against Steinberg, because the latter was responsible for him, (Orchard) he being a poor man. Orchard was dismissed from the stand and Mary J. King, of Cripple Creek, Colo., was called as the first witness for the defense. Mrs. King formerly conducted a rooming house at Cripple Creek, and said Chief Detective Sterling of the Mine Owners' association lived at her house. She saw Orchard visit his room several times. Sterling paid for the room occupied by Mrs. McKinney, the wife of a man charged with putting a spike on the Florence and Cripple Creek railroad, the attempted wreck which the union claims the railroad officials and mine owners undertook themselves with the intent of placing the blame on the federation of miners.

THOUSAND YEARS OF EXISTENCE HONORED

Little Town of Romsey, Near Southampton, England, Will Celebrate Anniversary.

[SPECIAL TO THE GAZETTE.] London, June 25.—The little town of Romsey, a short distance from Southampton, and well known to American tourists, today began a unique celebration of the one thousandth anniversary of its founding. The celebration takes the form of a historical pageant, extending over three days and representing scenes connected with the history of the town. The principal scene is to represent the destruction of the Abbey of Romsey by King Sweyn and his Danish followers in 994. The proceeds of the pageant will be devoted to the restoration of the Abbey.

OVATION FOR GEN. ARTHUR MACARTHUR

Return of Noted Wisconsin Soldier Will Be Celebrated With Banquet in Milwaukee.

[SPECIAL TO THE GAZETTE.] Milwaukee, Wis., June 25.—Lieut. Gen. Arthur MacArthur, who has returned to his home in Milwaukee after years of active service in the army, is to be tendered an ovation tonight by his old friends and former school fellows. The testimonial will take the form of a dinner at the Plankinton House, to which have been invited a number of prominent officers of the army and navy as well as all of those who were classmates of Gen. MacArthur at the old Milwaukee university.

MILWAUKEE JEWS IN RIOT OVER MARKETS

Ghetto in the Cream City the Scene of Much Rioting This Morning Over Meat Prices.

[BY ASSOCIATED PRESS.] Milwaukee, Wis., June 25.—Excitement reigns throughout the Jewish ghetto neighborhood of Seventh and Villet streets on account of the attempt of a dozen kosher butchers to increase the price of meat. Two mass meetings were held by the people who refused to pay the new price, a boycott was established, would-be purchasers have been intimidated and fights over meat occurred in street. The angry mob picketed the market for two days and several rioters were arrested. The market men say the increased prices are because the wholesalers did the same first. One butcher was accused of stabbing a man and a woman, who were bought kosher meat, was dragged through the street by a mob of women.

INDIANA COURT HAS REVERSED DECISION

State Has the Right to License Saloons in That State at Least—Important Ruling.

[BY ASSOCIATED PRESS.] Indianapolis, Ind., June 25.—The Indiana supreme court today held the state has the right to regulate the liquor traffic. The decision of Judge Christian of Hamilton county court is reversed. The lower court held the saloon is an evil and the state had no right to license it.

TO PRESERVE NOTED GROUP OF MOUNDS

Fred Pabst Has Made It Possible for Wisconsin Archeological Society to Save Relics.

[SPECIAL TO THE GAZETTE.] Milwaukee, Wis., June 25.—Through the efforts of the Wisconsin Archeological society and a concession granted by Fred Pabst, formerly of the Pabst Brewing Co., Milwaukee, the famous group of Indian mounds, known as the Regula or Mound Hill Farm Group on the Regula farm will be preserved. The mounds were first surveyed by Dr. Increase A. Lapham in 1855 and since have been the subject of study at home and abroad. The new Oconomowoc electric line from Milwaukee, runs within a half mile of the famous evidences of prehistoric ages, and undoubtedly will prove a mecca for tourists in summers to come. Cadets from St. John's military academy which is located near Delafield and not more than a mile from the famous mounds, have long made it a point to organize pilgrimages to the effigy mounds in the group. While trips to the mounds have not been an enforced part of the military academy's curriculum, the instructors and boys have found them interesting in connection with studies of American history.

The music, which is to be a prominent feature of the program, will be under the direction of Prof. E. O. Kxcell of Chicago. A new feature will be two auxiliary sessions in the German language to accommodate the German-speaking Sunday school constituency.

ANNIVERSARY OF THE THAW MURDER

Date Seemed to Have Little Significance to Prisoner in Cell at the Tombs.

[SPECIAL TO THE GAZETTE.] New York, June 25.—One year ago tonight occurred the tragedy on the Madison Square Roof Garden, when Harry K. Thaw shot and killed Stanford White. In his prison cell in the Tombs today Thaw gave no indication by word or action that the anniversary possessed any special significance to him. He continues to receive daily visits from his wife and much of his time is passed in reading and in the preparation of a line of defense for his second trial, which will probably take place in October.

INTERNATIONAL SHELL REGATTA AT POUGHKEEPSIE

Annual Races Will Be Held On Hudson Tomorrow--Wisconsin Crews On The Water.

Poughkeepsie, N. Y., June 25.—Oarsmen from Pennsylvania, Cornell, Columbia, Wisconsin, Syracuse, Georgetown and the Annapolis naval academy will compete tomorrow in the annual intercollegiate rowing regatta on the four-mile stretch of the Hudson river known as the Poughkeepsie course. Three championship events will be decided—the varsity eights, the varsity fours, and freshmen eights, and the fight for premier honors promises to be full of interest and excitement. The participation of the naval academy crew in the regatta for the first time gives added interest to the event this year.

In anticipation of the event, the advance guard of the big army of spectators arrived today, and judged by it, the races will be witnessed by a record-breaking crowd. The town wears a holiday appearance, the colors of all the universities represented being displayed conspicuously in the principal streets.

A warlike aspect will be given the regatta by the presence of six of Uncle Sam's peacekeepers carrying nearly 500 embryo admirals from the naval academy. The six vessels of war will be the cruiser Olympia; the three modern monitors Nevada, Florida and Arkansas; and the torpedo boats Talbot and Manly. The midshipmen are now taking their practice cruise aboard these vessels and when they arrive here tomorrow morning and take up their anchorage alongside the race course the boys undoubtedly will show something new on the Hudson in the way of songs and cheers for the encouragement of the crack crew of midshipmen which is to take part in the principal race of the day.

Experts who have watched the work of the various crews in practice agree that the contests will be very close. While Cornell rules favorite there are many who think well of the chances of Columbia. Whether Syracuse will show up as well as in the past few years is a question. Wisconsin and Pennsylvania are counted in the struggle, while the naval academy is admittedly an unknown quantity. Some are inclined to think that the midshipmen will either win or be the runner up in the big event, while others are of the opinion that they will not have a look in against the other colleges.

The first race, the 'varsity four,' will be rowed at four o'clock. The course is two miles, and the crews entered are Syracuse university, Pennsylvania, Columbia, and Cornell. At 4:45 p. m. the freshmen eight-oared race follows over the two-mile course, with Cornell, Wisconsin, Syracuse, Pennsylvania and Columbia as contestants, and third, the feature race of the day, at 6 p. m., the 'varsity eight-oared shells, four miles, in which the entries are Columbia, Cornell, Syracuse, Pennsylvania, Georgetown, Wisconsin and Annapolis.

The order in which the crews are named indicates the courses drawn in each race, beginning from the west shore.

History of the Regatta. Eight-oared shell racing has been held on the Hudson river over the Poughkeepsie course since 1895. The course was selected by the Intercollegiate Rowing Association, composed of Columbia, Cornell and Pennsylvania. The record shows that Cornell has won 7 of 12 victories recorded in the 'varsity races. Pennsylvania has three to her credit, and Syracuse and Columbia one each. The contest in the last twelve years since the institution of the regatta shows the following result:

1895—First, Columbia; second, Cornell; third, Pennsylvania.

1896—First, Cornell; second, Harvard; third, Pennsylvania.

1897—First, Cornell; second, Columbia; third, Pennsylvania.

1898—First, Pennsylvania; second, Cornell; third, Wisconsin.

1899—First, Pennsylvania; second, Wisconsin; third, Cornell.

1900—First, Pennsylvania; second, Wisconsin; third, Cornell.

1901—First, Cornell; second, Columbia; third, Wisconsin.

1902—First, Cornell; second, Wisconsin; third, Columbia.

1903—First, Cornell; second, Georgetown; third, Wisconsin.

1904—First, Syracuse; second, Cornell; third, Pennsylvania.

1905—First, Cornell; second, Syracuse; third, Georgetown.

1906—First, Cornell; second, Pennsylvania; third, Syracuse.

All of these races have been contested over the Hudson river course at Poughkeepsie with the exception of that of 1893, which was rowed over a three-mile course at Saratoga.

CITY COUNCIL'S BUSY SESSION

JEFFERSON SCHOOL IS TO BE REMODELED.

WITH \$20,000 EXPENDITURE

And Completed by October 1—Official Depository, Sidewalk-Bulldozer And Coal-Furnisher Named.

WHAT THE COUNCIL DID.

Approved the school board's recommendation of a \$20,000 appropriation for remodeling the Jefferson school and directed the city attorney to prepare an ordinance providing for the issue of bonds.

Accepted the First National bank's proposal to pay interest on city monies (computed on daily balances) at 4.23875 per cent. Rate paid during fiscal year just closing is 3.65 per cent.

Named W. J. Hilt as official builder of standard cement walks at 72 cents per yard.

Referred a petition for paving St. Lawrence avenue, from East to Harrison street, to the aldermen of the Third ward.

Gave the Fourth of July committee the use of the streets on the holiday and authorized the city marshal to grant concessions, the receipts to go to aforesaid committee.

Accepted William Buggs proposal to deliver Hooking Valley coal in carload lots at the crusher plant at \$6.25 a ton.

Directed the street commissioner to re-plank the Fourth avenue bridge and place it in safe condition at once.

Accepted the report of Health Commissioner W. D. Merritt, showing two cases of contagious disease since March and announcing the appointment of F. O. Holt as special alley-inspector at \$2 a day.

Approved Mayor Heddies' appointments of Asa Anderson and Patrick Cantwell as weed commissioners on the west and east sides of the river, respectively.

Accepted the city engineer's plans for 1907 sewer construction.

The Jefferson school building will be remodeled according to the plans of Architects Chandler & Park of Racine at a cost of \$20,000. The present walls will be utilized, but the interior will be so altered as to provide ample halls and stairways, and the exterior, so as to sufficiently increase the present meager lighting facilities of two windows to each room. In place of the present archaic gravity system of ventilation which provides but ten cubic feet of air per minute for each pupil, and requires forty minutes to change the air of the entire building, a system of forced ventilation which will change the air once in ten minutes will be installed. The heat register surface, now less than one-third of that of the Garfield school, will be brought up to the standard by the installation of a new plant. Modern and sanitary toilet rooms will be put in. A two-story addition on the south side of the building will provide a large kindergarten room with bay on the first floor and two spacious rooms on the second floor. This will give the building eleven rooms besides the old assembly chamber on the third floor which will be used only in cases of emergency. Provision is to be made in the heating and ventilating arrangements for a possible four-room addition on the north side at some time in the remote future. The work is to begin at once and is to be completed by October 1.

All of which was determined at the regular meeting of the city council last evening. The school officials were present in force and presented figures showing that the hall-lies, dimly-lighted, and ill-ventilated structure was not only inadequate but was also overcrowded, there being 37 pupils in the kindergarten and 70, 46, 49, 53, 54, 50, 42, and 39 in the eight grades, a total of 487. The use of any story above the second for young children was decided by President S. B. Buckmaster of the board, who also called attention to the lighting and ventilation needs. Supt. H. C. Buell said that the needs were quite as imperative as those which led to the building of the Garfield school to relieve the Lincoln three years ago. He did not think that the possibility of the third ward's asking for another new building in the near future deserved much serious consideration. The tendency of the times was towards centralization in order to economize in fuel, management, janitorial services, etc. Fond du Lac had torn down a number of her little schools and replaced them with a few big ones. Janesville's total of ten buildings would probably not be increased for some time to come.

Alderman Merritt asked if the build-

Weak Kidneys

Weak Kidneys, surely point to weak kidney nerves. The kidneys, like the heart, are vital, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach those controlling nerves. To doctor the kidneys alone is futile. It is a waste of time, and of money as well.

ing could not be remodeled without the addition, for the time being. He called attention to the fact that the city now has a bonded debt of \$122,000; that the Fourth ward was calling for sewers and that the main would have to be built first, entailing in all an increase of \$100,000 to the amount outstanding; and that a new bridge would have to be built in the very near future. Ald. O'Hara asked if some of the pupils could not be sent over to the Adams school. The proposition was thrashed out during the recess and when it came to a vote all of the aldermen put themselves on record in favor of the new building, excepting J. D. O'Hara.

Sealed Proposals.
 The banks submitted sealed proposals to pay interest monthly on daily balances for the use of the city monies during the fiscal year beginning July 1, as follows: First National—4.23875 per cent; Bower City—4.1 per cent; Rock County National—2.50 per cent; Merchants & Mechanics—2.5 per cent. The First National was designated as the official depository by a resolution and the accounts ordered transferred to that institution.

J. Hilt offered to build cement walks according to the city's specifications for 72 cents a yard; B. P. Crossman, for \$4 1/2 cents a yard; and E. Rice for 85 cents a yard. The first-named was designated as the official sidewalk builder. His patent mixer blends in the proportion of 7 to 1 while the city only requires 3 to 1. William Buggs offered to deliver Hooking Valley coal at the crusher plant for \$6.25 a ton; W. H. H. Macdon, for \$6.25 a ton. The contract was awarded to the first-named.

Health of the City.
 Since March 18, according to the report of Health Commissioner W. D. Merritt, one case of scarlet fever developed at the home of Frank Croak and one case of diphtheria at the home of Frank Tisch. These have been the only instances of contagious disease, and the city's health has been better than for the same period during many preceding years. In accordance with the provisions of the charter and the recommendations of the state board of health the health commissioner and the city attorney have employed Frank O. Holt as sanitary inspector at \$2 a day until July 1. He will make a daily round-up of private alloys, and those who continue to toss health precautions and other things to the winds will get their five day notices from headquarters forthwith. The garbage wagon has been put in commission and a man named Reynolds has secured a metal-lined wagon for such scavenging work as may be ordered by the city. The department has recently interfered and stopped the construction of a cess-pool in Hickory street in front of the W. H. Blair premises and investigated the laying of a temporary barrel affair on N. First street in front of the Paul Colvin property. The report was accepted and placed on file.

Alderman Brown Voted "No."
 According to state law the Grand Army Post is entitled to \$75 or less from the city for the proper observance of Memorial Day. The expenses of the last one were \$72.50. When an order directing the clerk to draw on the treasurer in favor of the Mayor for the purpose of paying these expenses, Ald. Brown said he did not understand. When it was explained to him he asked to be excused from voting. When Mayor Heddies refused to excuse him, he voted "No." All of the other aldermen registered the customary and requisite affirmative.

The bonds of Sam Anton, Rotstein Bros., A. Welsch, Joseph Teich, and J. and Sam Cohen, junk dealers, and Oscar and Hattie Hand, second-hand dealers, were found in due form and accepted.

The customary report on bills and the report of the assistant street commissioner, with regard to new walks needed, were received and placed on file.

M. G. Jeffris, A. P. Burnham, D. K. Jeffris, L. B. Carle, N. L. Carle, W. H. Palmer, Jos. L. Bostwick, C. S. Jackson, and S. M. Smith were the signers of the petition calling for the paving of St. Lawrence avenue, which was referred on motion to the aldermen of the Third ward, Ald. Brown voting "No."

Action with respect to the Fourth avenue bridge was taken in response to a communication from Street Commissioner Semmett to the effect that the structure was in a very dangerous condition and should be closed to all save pedestrians.

John Benson was named as special police officer without pay from June 11 to September 8, and the mayor's appointment was approved by the council.

By orders, the street commissioner was directed to remove the lamp-post in the line of the gutter at the intersection of East Street North and N. First street, repair and run the roller over N. Main street from Milwaukee to N. First; repair the macadam pavement on Milton avenue; build brick crosswalks on Elm on the east side of N. Blue; on Yuba street on the north side of Walker; and repair the one on Caroline on the north side of Fourth avenue.

MEETINGS CONTINUE TO ATTRACT CROWDS

Scoville a Fisherman in All Senses—Rink Open This Evening.

Monday was rest-day for Dr. Charles Reiss Scoville and his associates. This evening the doors of the Rink are again open and if public interest is any index a large audience will gather. Dr. Scoville is a follower of Isaac Walton and yesterday found him at Newville with reel and line. A man who works with his terrible earnestness doubtless finds rest and renewal in the gentle piscatorial art. The evangelist has won the hearts of the people by his genuine sincerity, his kindness and his fidelity to his message. The music at the meetings is proving most attractive. The chorus is now under the leadership of Mr. Jesse Van Camp, whose genial manners and musical gifts evoke enthusiastic response.

W. J. Hilt offered to build cement walks according to the city's specifications for 72 cents a yard; B. P. Crossman, for \$4 1/2 cents a yard; and E. Rice for 85 cents a yard. The first-named was designated as the official sidewalk builder. His patent mixer blends in the proportion of 7 to 1 while the city only requires 3 to 1. William Buggs offered to deliver Hooking Valley coal at the crusher plant for \$6.25 a ton; W. H. H. Macdon, for \$6.25 a ton. The contract was awarded to the first-named.

Health of the City.
 Since March 18, according to the report of Health Commissioner W. D. Merritt, one case of scarlet fever developed at the home of Frank Croak and one case of diphtheria at the home of Frank Tisch. These have been the only instances of contagious disease, and the city's health has been better than for the same period during many preceding years. In accordance with the provisions of the charter and the recommendations of the state board of health the health commissioner and the city attorney have employed Frank O. Holt as sanitary inspector at \$2 a day until July 1. He will make a daily round-up of private alloys, and those who continue to toss health precautions and other things to the winds will get their five day notices from headquarters forthwith. The garbage wagon has been put in commission and a man named Reynolds has secured a metal-lined wagon for such scavenging work as may be ordered by the city. The department has recently interfered and stopped the construction of a cess-pool in Hickory street in front of the W. H. Blair premises and investigated the laying of a temporary barrel affair on N. First street in front of the Paul Colvin property. The report was accepted and placed on file.

MUCH ENTHUSIASM AT CIRCUS MEETING

All the Nonesuch Bros. Were Present and Many of the Exhibitors—Details Settled.

Despite the fact you get right into Janesville when you cross Jackson street Bridge, and two lots in Spring Brook were offered for forming the parade on, the famous and original Nonesuch Bros. circus will organize on July 4th at the Fair grounds. This was decided upon at a meeting of the Nonesuch Bros. and the exhibitors at the circus headquarters in the Waverly Block on North Main street last evening. Col. Nonesuch Watt, who has charge of the circus this year, presided as chairman and announced that some eight displays would be in line, that number having signed an agreement to take part. "Bigger, Better, Larger, Grander, More Elaborate Than Ever" and capitalize everyone of them," said Col. Watt last evening. "This year is

NO JOBS FOR PLAIN GIRLS.

St. Petersburg Postoffice Service Attractive, But Not Efficient.

The Slovo of St. Petersburg recently asked its readers: "Have you ever noticed that the lady assistants in the general post office at St. Petersburg are almost without exception good looking?" Most people might consider this a mere coincidence, but that this is not the case is shown by Miss Petrova, who writes to the newspaper to tell how two friends of hers recently applied for clerkships in the general post office. After a time, the application papers were returned with a formal note to the effect that at present there were no vacancies. The returned documents, however, revealed marginal notes which had been imperfectly obliterated with rubber. One read: "She looks to be over 30, is small, plain and fat." On the other paper in microscopical characters were the words: "Old maid, tall, bony." The Slovo asks what might have been the marginal notes on the papers of successful candidates and who are responsible for them. It adds that the selection of youth and beauty for this branch of the public service has by no means improved the unsatisfactory condition of the general post office.

Newbro's Herpicide Destroys the Dandruff Germ and Prevents Baldness.
 Quinine and rum and a whole lot of other things are pleasant to rub on the scalp after washing it free of dandruff, but not one preparation of the general run cures dandruff and falling hair. It is necessary to kill that germ, to be permanently cured of dandruff, and to stop falling hair. Newbro's Herpicide will positively destroy that germ, so that there can be no more dandruff, and so that the hair will grow luxuriantly. "Destroy the cause, and you will remove the effect." Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Mr. Uriah M. Rose, the noted authority on international law, who is a delegate to the peace conference, was born in Marion county, Ky., on March 15th, 1834. He graduated at Transylvania university, Kentucky, in 1853, and married Miss Margaret T. Gibbs in the same year. Since 1865 Mr. Rose has resided at Little Rock, Arkansas, where he has a very large legal practice. He has never accepted any political office, although prominent in democratic circles, and for many years a member of the democratic national committee. He was president of the American Bar association in 1891-92 and again in 1901-1902.

to be a hummer. If we have all the events now planned it will resemble a historical museum, a wild animal menagerie, a musical society, a three-ring six-stage circus, a trained animal show with curiosities from the wilds of Africa, sacred horses from the River Nile, buffaloes from the 101 ranch, Indians from the reservation, wild men from Asia, soldiers from the Philippines, artillery from Russia, strange people from Mars, the beautiful inhabitants of Venus, the fierce Togos of the South Sea Island, all bound round and tied with a bit of woolen string. It is to be a screeamer and no mistake. Why when the head of the parade is at the Myers Hotel the end of it will just be starting from the Fair grounds. Janesville never saw anything like it before." Col. Watt is enthusiastic, but he is not extravagant. The show this year is to be the best ever and take a tip on that. Nothing will be missing. But of the other features for the day: The morning parade is a hummer. The industrial features are entirely new, even though they are carrying forth the virtues of familiar articles. The floats will be dainty and tasteful. Then there are the bands. It is already known that four big bands will take places assigned to them to furnish music all day and one or two more are in contemplation. Prof. De Vry, with the biggest balloon in the United States, will make two ascensions where everyone can see them; his parachute drop is something that is awe-inspiring and hair-raising. Street performances that will please everyone, speaking in the courthouse park with the customary Fourth of July program and in the evening blocks of brilliantly illuminated streets, an automobile parade that is a hummer, and five blue fire and yellow fire, burned by the pounds, and above all a spirit of the Fourth that will bubble over from the first salute in the morning when the small boy wakes up to the fact he is awake until the last sky-rocket shoots moonwards at midnight.

WHAT IS A WANT AD?

Nine out of ten people will answer that question this way: "Why, it's a little advertisement for Help Wanted or Situation Wanted."

Yes, it is. But is that all? Did you ever stop to think of the many uses to which these little Want Ads may be put?

Here is a list of the classification under which Want Ads can be inserted in The Gazette at a moderate cost and with the assurance of practically certain results.

You can count on your fingers the number of folks who at some time or other could not use the classified columns of The Gazette to advantage in filling a Want.

Consider for a moment the scope of this list:

FORTY YEARS AGO

Janesville Daily Gazette, Tuesday, June 25, 1867.—Fourth of July.—The program of arrangements for the fourth of July celebration in this city is made out and will appear in our columns tomorrow. The gentlemen who are the head of the movement are doing all in their power to make the celebration a success.

Take Notice.—There is a city ordinance against the running at large of horses in our city limits. Notwithstanding this many horses are roaming about in the 2d and 3d wards to the great annoyance of those who are trying to cultivate trees. Will the City Marshal see that these animals are impounded.

Will Turn Out.—At a meeting of one of the masonic lodges last evening, it was determined by the members to turn out in a body and take part in the approaching celebration of the fourth of July. We learn that there is a general purpose on the part of the various societies in the city to do what they can toward commemorating the day in a suitable manner.

A New York jury has made Edwin R. Hunter pay \$5,000 for a woman and child whom he suffocated. They lived in his house and he wished them to leave. They would not go and it would cost time and money to get them out. So Edwin stopped the chimney light. The coal gas stopped the breathing of the woman and child, and very nearly did as much for several other persons. The undertaker took away the tenants and the landlord got his house.

Young Men's Association.—This society meets regularly on Tuesday evenings in their rooms in Jackson and Smith's block. The question for debate this evening will be as follows: Resolved, That compulsory education of children by the state by means of law, would be beneficial. Affirmative by Cyrus Wheelock and M. M. Phelps; negative, J. W. Sale and George R. Peck. The public are invited to attend.

SHORT SPECIALS.

During the six months ended Sept. 30 last records show that 1,570 persons were killed by automobiles in Germany.

The Pacific coasting steamer Santiago was wrecked off the coast of Chile and only one passenger and one officer escaped.

Campbell-Bannerman, the premier, moved in the British house of commons his resolution curtailing the power of the house of lords.

Capt. Jack Thorington, aged 63 years, for 12 years vice consul to Colombia, died at Montgomery, Ala. He was an officer of Forest's cavalry of the confederate army.

John Hart, not John De Hart, was one of the New Jersey signers of the declaration of independence, according to disclosures unearthed by Dr. Charles Godfrey, of Trenton.

Leo Lenowski, aged 10, was shot and killed by Vladimir and Wladislav Neizgowski, 14 and 17 years old respectively, while struggling over possession of a rifle at South Bend, Ind.

Joseph Motocovick, aged 33 years, a coal miner, shot and killed his wife at their home in Sygan, a mining town near Bridgeville, Pa., and then ended his own life by firing a bullet into his heart.

The Hamburg-American line, through its managing director, Herr Ballin, gave an order to the Harlan & Wolf firm, of Belfast, for a 50,000-ton steamer. The ship will be the largest vessel afloat.

John Johnson, a wife murderer, whose execution had been delayed by legal proceedings advised by Albert T. Patrick, a fellow prisoner, was put to death in the electric chair in Sing Sing prison, New York.

Pneumatic Drill Is Best. Comparative tests of electric and pneumatic drills have resulted overwhelmingly in favor of the latter. This is a very severe service, and the electric drill does not seem to stand up under it, and time is constantly lost in making repairs to the machinery.

A Skin of Beauty is a Joy Forever

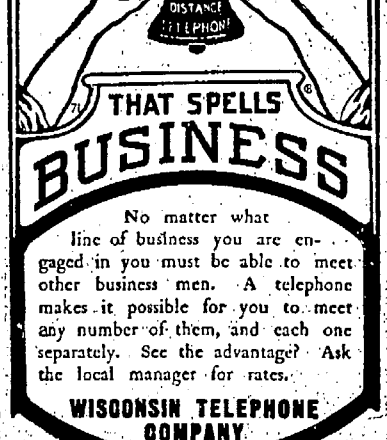

DR. T. FELIX GOURAUD'S ORIENTAL CREAM OR MAGICAL BEAUTIFIER

"Gouraud's Cream" is the least harmful of all the skin preparations. For sale by all druggists and Fancy Goods Dealers in the United States, Canada and Europe.

PREPARED BY T. HOPKINS, Prop., 37 Great Jones Street, New York.

E. B. HEIMSTREET, Janesville, Wis.

June 25, 1870—Thirty-one years ago today the Indians killed every man under Custer on the Little Big Horn. Colonel Keogh's horse being the only thing left alive on the battlefield.

If you buy two packages of Shredded Wheat, Biscuit for a quarter you have a delicious, breakfast for a penny—more real nutriment than is to be found in any other food in the world for the same money. It contains all the body-building elements of the whole wheat made digestible by steam-cooking, shredding and baking.

For crisp heat the Biscuit in oven to restore crispness, pour hot milk over it, add a little cream and a little salt; or, sweeten to taste. Shredded Wheat is also delicious and wholesome for any meal in combination with fresh or preserved fruits. At your grocers.

GOOD RIDDANCE.

It is to be hoped that in the authoritative announcement that Viscount Aoki has not been and is not to be recalled, we may say good riddance to the mass of rubbish which has recently been extant, concerning Japanese relations with America. There have been gross exaggerations of the alleged anti-American feeling in Japan and of the danger of serious trouble between the two countries, put forward partly through ignorance, partly through a reckless craving for sensations, and partly, it is to be feared, through malice. It is high time it was all ended.

The facts are, that there has been no danger of trouble between the two countries and no straining of the cordial and confidential relations which exist between them. The anti-American utterances which have been made in Japan, and which have been vastly over-estimated in this country, have had no important influence in that country, and have not imperilled the stability of the existing government at Tokio. The Japanese government understands the state of affairs in California, probably better than the average American does, and retains unshaken faith in the justice of the American government. The American government does not mistake the partisan attacks of the Japanese opposition for the authentic voice of the Japanese government or people.

It is agreeable to know that Viscount Aoki is to remain at Washington, partly on personal grounds and partly as a rebuke to the sensational propagandists who have sought to foment trouble or distrust between two friendly nations. With that assurance, we trust the episode will be ended. The silly season is approaching, and it will be a welcome relief to centre intellectual attention upon big gooseberries and the perennial man-with-a-live-snake-in-his-stomach, and let the "Japanese question" rest.

HAIL-TO THE COUNCIL.

In passing the measure for the appropriation for twenty thousand dollars for improvement for the Jefferson school the council has taken a step it will never regret. Nothing is so essential as the health of the coming generation. The Jefferson school was built many years ago and is sadly in need of repair. This fact has been met by the school board with a request for an appropriation of twenty thousand dollars for needed repairs. The council investigated the matter and made the appropriation. The school will be placed in sanitary condition, the pupils benefited and the city, the richer for being assured a coming generation of citizens properly equipped to begin life's work. Bryce, the English ambassador at Washington, says the American school system is the greatest in the world. Mr. Bryce is a student. He knows what England has produced and what America has done for the rising generations. The old days of the log school houses is passed except in sparsely settled communities. The child today begins his student life far ahead of the privileges granted to his forefather. The nation feels the effect of such an early training. Together with the training comes the question of health and from this point of view the money to be expended for the betterment of the Jefferson school is money well-used. The aldermen who saw this necessity were quick to

act and the only delay now appears to have been through their being unfamiliar with the conditions as they existed.

Roosevelt says he might be induced to run next year if he was assured he could break into the ranks of the solid south. Now Missouri step up and declare yourself. Georgia has said they would what they could but it is up to the "Show Me's" to deliver the goods.

France needs a high import duty on California wine to make their business profitable. That is the whole trouble. America is furnishing the wine that the world drinks under a French title cheaper than it can be grown in France.

These are strenuous days for the French Premier and it is safe to say that he curses the wine growers when he drinks his wine with his dinner after a hard, long day settling their disputes.

Mark Twain wore a bath robe in London and surprised the natives. Probably his bath robe was far more decorous than some of the gowns worn by society belles.

Mayor Schmitz of San Francisco still insists that he will not resign as mayor and from his prison cell sends out his ultimatum to his henchmen what they can and can not do.

In another column will be found an order from City Marshal Appleby relative to the firing of fire crackers before the Fourth. It would pay some people to read and follow notice.

Favorite sons are still growing the political cabbage-patch and if the cut worms do not get in their deadly work a good sized crop may be expected.

Jim Hill, the railway magnate, has gone fishing. This sounds funny. It was always believed that Hill did nothing else but go fishing.

Secretary Taft has arrived back in Washington and is ready to sit on any lid that may be presented to his view for that purpose.

A few more warm days and thoughts of a summer snow storm will be lost sight of.

Lisbon appears to think that their King is a good deal of a back number.

Roosevelt broke his summers rest long enough to settle that Dominion treaty.

The small boy and the sand bar in Rock river may be a good combination these hot days.

Mark Twain still attracts attention in England. His press agent is a busy boy.

Evidently the straw hat is here to stay now.

Taft still holds the stage center as the favorite heir of the ruling power.

How about that plan to electrify our main streets during the summer?

Chicago still wonders what has become of Dan Coughlin.

KICKERS' KOLUM

Editor of the Gazette:

Dear Sir: Will you please give space to a few remarks against a certain class of growlers in our city in regard to those heroic christian workers who are laboring in our midst? And some of the most persistent fault-finders are professed christians, too. They seem to have a deep-rooted objection to Dr. Scoville asking for funds to carry on this great religious work. Do they think those meetings can be run on air? Do we not have to pay for everything worth having? Do we not pay our ministers, our doctors when they prescribe for our bodily ailments, our lecturers and every other good thing—which we enjoy? Who of us can attend lectures, parties, theatres, and balls, without money and without price? Why then should those complaining ones expect these people to come here and labor as they have done and are still doing, without any recompense whatever? Dr. Scoville has explained several times about the expenses incurred, and what the money is being used for, and if he had not would it not still be incumbent on every professed christian at least, to do what he or she could to further this great work? No man in the field labors harder than Dr. Scoville and his faithful helpers. They have given us of their very best. Many people who will and do cheerfully pay a dollar and a half and sometimes more for a seat at an opera, or theatre, would "throw a fit" if asked to contribute fifty cents to help carry on the revival meetings. I for one, do not feel that I have any right to enjoy those grand sermons, and the beautiful

singing of Brothers Smith and VanCamp, and the earnest labors of all the other helpers, without giving something to God to show my appreciation of the wonderful privileges I am permitted to enjoy. May I hear their beautiful voices in Heaven, and meet all those earnest workers there is the prayer of one who stands for JUSTICE.

Irish Art.

Every nation must have its own art, as distinct and separate from that of other countries as its language; and if ever Ireland is to find her soul and found her own school of art, it can only be done for her by her own artists. A teacher from England or abroad would be a most dangerous experiment.—J. B. Yeats, R. H. A., in The Shanachie.

Beauty at a Discount.

In marrying the modern man takes longer and perhaps less material views than his forefathers. He realizes that, in the long run, character must tell—that beauty, if not backed by sense and companionship, is not only merely skin deep, but remarkably evanescent—that to marry in haste a pretty, but unformed, school-girl generally spells repentance at leisure.—Hearth and Home.

Golf Ball Killed Fish.

When driving to the fourth green on Newark golf course a local solicitor sent his ball into the River Devon and killed a two-pound fish. Both ball and fish were found together, the latter bearing marks of its injury.—London Evening Standard.

Some Crookedness.

The Mississippi river is so crooked in places, declares Judge Walter Malone, of Memphis, that a steamer going south has been known to meet itself coming north, give passing signals and narrowly escape a collision with itself.

Further Testimony.

"What a great world this would be," reflects the Baltimore American, "if the business man could banish care like the boys and girls on roller skates." Often it is the youngsters on roller skates who make it impossible for him to banish care.

Has Nothing to Mourn For.

Man says that he is a reasoner and that woman is not. Considering how much nicer she is, reasoning faculties must be a great handicap.

Says that she consulted Dr. Richards last week about her teeth.
She needed work done and inquired of several people as to who was the best dentist to go to.

Some said Dr. Richards wouldn't hurt her,
and she decided to see whether it was true or not.

In leaving the office she said:
"Dr. Richards, you never hurt me in the least in extracting that ulcerated tooth."

"I want to earnestly thank you for you are the first dentist I ever had work for me and not hurt me awfully."

Dr. Richards delivers the goods in painless work. Try him for your next dental needs.

THREE NOTABLE WEDDINGS TODAY

W. O. NEWHOUSE AND MISS SARAH TILLOTSON WERE MARRIED AT 3:00 P. M.

FARNSWORTH AND GRANGER

Nuptials Are to Take Place Late This Afternoon—Miss Ella Sutherland and Frank McElowney Take Their Vows Tonight.

William Oscar Newhouse, cashier of the First National bank and former district attorney of Rock county, departed from Janesville at an early hour today on the happiest mission in all the world. The home of Mrs. O. R. Tillotson in the town of Manchester, Boone county, Illinois, was his destination and there at three o'clock this afternoon he was wedded to Miss Sarah Tillotson, an accomplished and charming young woman who has been an occasional visitor in Janesville during the past few years. Rev. Charles O. Solberg, of Chicago, soon to accept a professor's chair in the college at Northfield, Minnesota, and a former classmate of the groom at Beloit Academy, performed the ceremony in the presence of a little group of relatives and friends of the contracting parties—including Mrs. T. Stubeck and Clement, Stubeck of Davis, Ill.; aunt and cousin of the groom, and the Misses Alma Wymer and Eva Peterson of Chicago, schoolmates of the bride. After the congratulations, Mr. and Mrs. Newhouse took their departure for some unknown destination, supposedly one of the quiet lake resorts. They will come to Janesville on Monday and will be at the Hotel Myers until their cozy new home at 157 Garfield avenue is completed—probably about the middle of July.

Farnsworth-Granger.
With a quiet home wedding Miss Josephine Farnsworth and J. Arthur Granger will be married this evening. The event will occur at half past six o'clock at the residence of the bride's mother, Mrs. Eliza Farnsworth, 207 South Jackson street. A party of fifty guests, including only relatives, will witness the ceremony.
The marriage will be performed in the parlor, which has been prettily decorated in green and white, rose peonies and potted plants being used. Miss May Trent will render Mendelssohn's wedding march and, unattended, the bride couple will take their place before a background of banked ferns. A simple ring service will be pronounced by Rev. R. C. Denison. Miss Farnsworth's dress is a beautiful empire gown of white messaline, trimmed with duchess lace and she will carry a bouquet of lilies of the valley.
After the ceremony supper will be served at one long and several small tables in the dining room. Here, also, the predominating colors are green and white, marguerites and foliage forming the principal decorations. The repast will be spread in three courses.

Mr. and Mrs. Granger will spend their honeymoon in the northern Wisconsin woods, departing from Janesville late tonight. On their return within the next two weeks they will be at home in one of the Grubb flats, which is now furnished and waiting to be taken possession of.

A number of guests to be present are from out of the city: Mr. and Mrs. F. C. Hazelton, daughter Helen and son Charles of River Forest, Ill.; Mrs. E. Arnold and daughter Grace of Woodstock, Ill.; Mr. and Mrs. John Haight of Rockford, Ill.; Mrs. George C. Barker of Milwaukee; Miss Mina Gilbert of Clinton, Wis., and William Fox of Madison.

Many handsome presents have been showered upon the young couple and they will begin married life with the congratulations and well wishes of numerous friends.
Sutherland-McElowney.
In the presence of nearly one hundred relatives and friends, Miss Ella Sutherland of this city and Frank McElowney of Chicago Heights, Ill., will be wedded at the home of the parents of the bride-to-be, Dr. and Mrs. Q. O. Sutherland, 206 South Second street, at eight o'clock this evening. Rev. Robert C. Denison will perform the ceremony under a canopy of white ferns and white carnations. The bride will be attended in a princess gown of soft, white silk trimmed with white chiffon and duchess lace and will carry a bouquet of white sweet peas. She will be attended by Miss Margaret Jackman, maid of honor, who will wear a gown of pink silk trimmed with yellow lace. The two bridesmaids—the Misses Elizabeth McKee and Louise Merrill—will wear gowns of figured white silk and will carry pink sweet peas. Little Miss Genevieve McElowney of New York, a niece of the groom, will be the flower girl. She will be garbed in white and will carry a basket of pink roses. Edward R. Ferriss, of Chicago, will be groomsmen, and the bride's father, Dr. Q. O. Sutherland, will give her away. Following the ceremony and congratulations a repast will be served in the dining room, which has been elaborately decorated in yellow and white for the occasion.
The out of town guests, many of whom have already arrived, will be Mr. and Mrs. Henry Sutherland, the Misses Gladys and Sadie Sutherland, Harry Sutherland, Mr. and Mrs. Geo. Gill, Mr. and Mrs. John Libbey, of Madison; Dr. and Mrs. Ransom of Brooklyn; Mrs. J. Howard McElowney and family of New York; Mr. and Mrs. W. J. McElowney, the Misses Anna and Edna McElowney, Ralph McElowney, and Mr. and Mrs. G. I. McElowney of Chicago Heights; Miss Florence Benis of Oshkosh, Wis.; Mr. and Mrs. Thomas Earl of Edgerton; the Misses Margaret Frankenburger and Marion Jones of Madison; the Misses Jeanette and Ethel Sayre of Beloit.
The bride and groom-in-prospect and their immediate relatives took dinner at the Hotel Myers this noon.

Marriage Licenses. Applications for marriage licenses have been filed by John D. Jarvis and Hattie Anderson, both of Janesville; LeRoy E. Babcock and Florence E. Wille, both of Edgerton.

DEDRICK BROS.**RAIN NO BARRIER TO A GENUINE GOLFER**

Despite Shower Play for the Wilson Lane Trophy Is Taking Place on Mississippi Links.

To the true golfer with the "Hoot Mon" proclivity the gentle showers of the afternoon proved no barrier to the first round in the match play for the Wilson Lane cup. Previous to the play, however, the grounds and surrounding country was carefully scouted to see that no stray Elk or Deer, was in hiding to prevent good playing on the part of the contestants by giving them a touch of "Buck Agne," there being but one known remedy for this dangerous disease and the supply of that limited. The players paired off as follows:

H. G. Carter
Chester Morse
Leo Brownell
Chas. Schaller
J. L. Wilcox
Fred Schaller
Geo. Baumann
Al. Schaller

F. H. Jackman

City Marshal Appleby Says Firecrackers Must Not Be Set Off until the Fourth.

To the small boy with the firecrackers and the piece of punk the order of City Marshal Appleby will sound like a knell to all his fun while to the anxious parent and the timid girls and ladies it will be received with a sigh of relief. Horrors will prick up their ears in real joy. The promiscuous shooting of firecrackers, in public places, especially in the parks and downtown streets must stop. The Fourth is set aside for Young America to celebrate and they must confine themselves to this day. The warning by Mr. Appleby is as follows: "No firecrackers or explosives shall be set off or fired in any public place until July 4th. All offenders will be dealt with according to law. W. H. Appleby, City Marshal." This year the crackers seem more plentiful than ever. Small boys who can buy them have already begun celebrating and nervous people have already had their annual dreams of explosions. Mr. Appleby means business and the small boy with his Fourth of July bunch had better keep out of sight.

Suburban News In Brief

CLINTON.

Clinton, Wis., June 23.—Mrs. Kinyon, wife of Dr. B. F. Kinyon, died this afternoon at 4 o'clock at their home, corner Church and Cross Sts. Mrs. Kinyon has been confined to the house and her bed but three or four days and the news of her death was a shock to the entire community. She was a woman of many noble attributes, was respected and beloved by a large circle of friends. She leaves beside her husband, two daughters and one son and a sister to mourn her untimely death.

After two years of no license, Clinton goes back to license July 2, when it is expected the lid which has been bolted and riveted down so tightly, will be torn off and thrown away entirely.

Dr. Hilderbrand of Sharon, and Dr. Helen of Beloit, were in consultation with Dr. Thomas of this place last Saturday, at the bedside of Mrs. Kinyon.

The annual school meeting will be held July 1, at which time it is expected that Mr. Solon Cooper will be elected director for a full term of three years.

The young men and young ladies of Clinton who have been attending higher institutions of learning are all home.

A. E. McKimney who was badly injured recently by falling from a new building, is mending rapidly, all but his back. He has not been able as yet to sit up on account of that injury.

John Fredendall an old and respected settler, was buried Saturday afternoon from the residence of his daughter, Mrs. Lewis Simmons. Mr. Fredendall came to Clinton in an early day and was a sober and hard working citizen and was noted for his kindly gentle manner to everyone.

SHOPIERE.

Shopiere, June 24.—Mrs. Frank Lawlor and little daughter expect to return this week to her home in Trinidad, Col. Mrs. Lawlor has been spending two months with her parents Mr. and Mrs. T. Wehrick.

A traveling show has been giving entertainments through the week in a large tent. The performance has been well patronized by the community.

Mr. Black's driving horse strayed away and caused them no little anxiety until she was finally located.

The Aid Society will meet in the chapel on Thursday afternoon. The ladies will please come as early as possible as they have quilting to do. A good attendance is desired.

Mrs. Jas. Atkinson who has been ill, is now recovering.

Mrs. Laura Brown returned home on Thursday evening from a visit to her son in Michigan.

EDGERTON.

MILTON.

Milton, June 25.—The college alumni baseball team did not feel satisfied with their defeat by the nine of 1907 Tuesday and on Friday another game was played and the "oldtimers" won by a score of six to five in a well played game. Some changes were made in the line-up. The new players in the alumni nine were Rev. Geo. Shaw, J. D. Clarke and Dr. C. E. Perry, the latter and J. Fred Whitford being the battery, and the minister and dairyman both distinguished themselves in the field, the latter hitting the ball hard as did catcher Whitford, who lined out a three-bagger that landed in the grove south of the schoolhouse. North and Place were the college battery and Barber and Tugham represented the new blood in the nine. F. C. Ristion umpired the game.

Most of the college students from abroad have returned to their respective homes for the summer vacation. Many of them will return at the beginning of another school year and we trust will bring with them many of their friends.

Contractor Lee has during the past ten days put in cement walks on the frontage of premises owned by Emery Cary, Chas. Anderson, E. A. Holmes, A. R. Crandall and A. T. Alexander, thereby doing away with many rods of unsafe board walk.

Mrs. Moore from near Columbus is visiting her mother, Mrs. Katherine Miller, and other relatives.

Lettie Purset is entertaining a little cousin from near Magnolia.

Miss Helga Egner has been spending a few days of the past week near Evansville.

Thursday was a day long to be remembered by the people of Cooksville, it being the annual gathering of the early settlers of this place. The day was an ideal one for the occasion and as the sun was seen to gradually rise in the east the flag was raised to welcome all who chose to come. Quite a little company sat down to a most delicious dinner, after which many others came to enjoy the program and have a social time. The program consisted of songs and recitations and then reminiscences from some of the old settlers. As the years roll by, one by one, the pioneers are drifting on, and in a few years the rising generation of Cooksville will be the one to plan the gatherings and thus keep fresh in our memory the good deeds of the ones who braved the hardships and trials of the early days.

Verdict for Dr. Pierce

AGAINST THE

Ladies' Home Journal.

Sending truth after a lie. It is an old maxim that "a lie will travel seven leagues while truth is getting its boots on," and no doubt hundreds of thousands of good people read the unwarranted and malicious attack upon Dr. Pierce's "Favorite Prescription" published in the May, 1904 number of the Ladies' Home Journal, with its great black display headings, who never saw the humble, groveling retraction, with its inconspicuous heading, published two months later. It was boldly charged in the slanderous and libelous article that Dr. Pierce's Favorite Prescription, for the cure of woman's weaknesses and ailments, contained alcohol and other harmful ingredients. Dr. Pierce promptly brought suit against the publishers of the Ladies' Home Journal, for \$200,000 damages.

Dr. Pierce related to E. V. Pierce and the jury that Mr. Bok, the editor, maliciously published the article containing such false and defamatory matter with the intent of injuring his business; furthermore, that no alcohol, or other poisonous or habit-forming drugs, are or ever were contained in his "Favorite Prescription"; that said medicine is made from native medicinal roots and contains no harmful ingredients whatever; and that Mr. Bok's malicious statement was wholly and absolutely untrue.

Dr. Pierce also related to the jury that he was forced to acknowledge that they had obtained analyses of "Favorite Prescription" from eminent chemists, all of whom certified that it did not contain alcohol or any other harmful ingredients.

The jury rendered its verdict in favor of the action in the Supreme Court. But the business of Dr. Pierce was greatly injured by the publication of the article and he has been obliged to pay out of his pocket thousands of dollars in legal expenses.

BURR OAK.

Burr Oak, June 24.—The tobacco shed and corn crib on the Dan McGraw farm was burned to the ground on Friday about six o'clock p.m. The men had been in the shed but a short time before with a wagon and load of water barrels, and were taking care of the team of horses in the barn near by. Hearing a noise they went out only to discover the shed in flames and it had made such headway that they could not get the wagon out of the building and it was burned together with other tools. How the fire started is a mystery.

Mr. Fred Neippling and son Sprague, of Findlay, Ohio, are visiting relatives in this locality.

Henry Kealy, Kinault Handtke, and Thomas Flaherty are the first to set tobacco in Burr Oak this year.

Mrs. Charles Scofield and daughter Cassie and Miss Grace Howe called on Mrs. L. Hubbell Sunday afternoon.

Mrs. Henry Kealy is entertaining her little nephew of Edgerton, this week.

EVANSVILLE.

Evansville, June 24.—The managers of the Evansville lecture course have made arrangements whereby our people are assured excellent entertainment the coming winter. They have secured the best talent possible and among the numbers will be lectures from Strickland W. Gilliland, the Whitcomb Riley of the Baltimore-American; Walter M. Chandler, a noted attorney of the New York bar; Judge Willis Brown of the juvenile court of Salt Lake City, Utah; the Lyre Glee club of Chicago, with a reader; and the United States Indian band with twenty-five American Indian artists.

Those of the local Epworth League who were in attendance at the Epworth League convention held in Stoughton, Friday, Saturday and Sunday, were Mrs. Nellie Gillies, the Misses Hazel and Lora North, Ava Bullard, Mary Lawson, Mae Phillips, and Messrs. Martin Hanson, Charles Windsor and Mr. Carrington.

Many Evansville people will accompany the local band to Janesville the fourth of July. The celebration is to be one of the best ever attempted in southern Wisconsin.

Chester Miller, Jr., has been quite ill with rheumatism for the past two weeks and his parents, Mr. and Mrs. Chester Miller, took him to Mt. Clemens this morning, where he will receive treatment. His many friends hope he may return much improved in health.

Mrs. Martin Dixon, who suffered a stroke of paralysis about a week ago, is very much improved and it is thought she will recover.

Mr. and Mrs. Ed Smith, Mr. and Mrs. J. W. Ames, and Miss Gertrude Eager made an auto trip to Footville Friday to witness the ball game.

CRACKER ESCAPES DULCETS.

Shooting in Pittsburg For Which Politician Is Arrested.

Pittsburg, June 25.—Thomas L. Harper, a prominent politician, was arrested last Monday charged with assault upon Levi De Wolf, a well known broker, in the latter's office. Harper was held for a hearing.

According to the broker's employees, Harper entered the office, and after a few words with De Wolf, discharged a revolver four times. The broker was unharmed. Harper was overpowered by others in the place and turned over to the police. When searched at the police station, two revolvers, one having four empty chambers, were taken from him.

The men, De Wolf said, had been unfriendly for some time. Both are members of the American club, one of the larger Republican organizations, and of which Harper is secretary. Harper was formerly superintendent of the American Steel Hoop company.

CHAPTER VI.

The princess rose at dawn the following day. She routed out Hans, the head groom, and told him to saddle Artemis, the slim-limbed, seal-brown filly which an English nobleman had given her. Ten minutes later she was in the saddle, and the heaviness on her heart seemed to rise and vanish like the opal mists on the bosom of the motionless lake. A pale star blinked at her, and the day, flushed like the cheek of a waking infant, began drowsily to creep over the rolling mountains.

How silent all the city was! Only here and there above the chimneys rose a languid film of smoke. The gates of the park shut behind with a clang, and so for a time she was alone, and free. She touched Artemis with a spur, and the filly broke into a canter toward the lake road. The girl's nostrils dilated. Every flower, the thousand resinous saps of the forest, the earth itself, yielded up a cool sweet perfume that was to the mind what a glass of wine is to the blood, exhilaration.

Mottled with pink and gray, and blue, and gold, the ever-changing hues of the morning, the surface of the lake was as smooth as her mirror and, like it, always reflecting beauty. Fish leaped forth and fell with a sounding splash, and the circles would widen and gradually vanish. A blackbird dipped among the silent rushes; a young fox barked importantly; a hawk flashed by. The mists swam hither and thither, mysteriously, growing thinner and fainter as the gold of day grew brighter and clearer. Suddenly—in the words of the old tent-maker—the false morning died, and it was day.

I'm afraid that somewhere among the princess's ancestors there was a troubadour; for she was something of a poet. Indeed, I have already remarked that she wrote verses. The atmospheric change of the morning turned her mind into sentimental channels. How she envied the peasant woman, who might come and go at will, sleep in the open or in the hut, loving or hating with perfect freedom! Ah, Prince Charming, Prince Charming! where were you? Why did you loiter? Perhaps for her there was no Prince Charming. It might be so. She sighed.

She would never marry Doppelkinn—never. That horrible Stenbock! She was glad, glad that she had struck him, again and again, across his eyes and evil mouth. She had believed that she knew the world; it was all

yet a mystery; the older she grew the less she understood. Wasn't anybody good? Was everybody to be distrusted? Which way should she turn now? The world was beautiful enough; it was the people in it. Poor Betty! She had her troubles, too; but somehow she refused to confide them. She acted very much as if she were in love.

She gazed at the hawk enviously. How proud and free he was, so high up there, circling and circling. Even the fox was freer than she; the forests were his, and he might go whither he listed. And the fish that leaped in frolic from the water, and the blackbird in the rushes! She could not understand.

She would never marry Doppelkinn—never.

But how should she escape—how? On Wednesday night she would be given her quarterly allowance of a thousand crowns; and on Thursday she must act. Yes, yes, that was it! How simple! She would slip over into Doppelkinn, where they never would think to search for her. She knew a place in which to hide. From Dan-

kin she would go straight to Dresden and seek the protection of her old governess, who would hide her till the duke came to his senses. If only she had an independent fortune, how she would snap her fingers at them all!

She was distracted by the sound of jangling steel. Artemis had cast a shoe. How annoying! It would take ten minutes to reach old Bauer's smithy, and ten minutes more to put on a shoe. She brought the filly down to a walk.

What was the use of being a princess if one was not allowed to act in a royal fashion? It wasn't so terrible to wear men's clothes, and, besides, they were very comfortable for riding a horse; and as for riding a bicycle in the public streets, hadn't that ugly Italian duchess ridden through the streets of Rome, and in knickerbockers, too? Nobody seemed to mind it there. But in Barscheit it had been little short of a crime. She recalled the flaming fagots and the red-hot wire of her unfortunate wheel. A smile rippled over her face, but it passed quickly. There was nothing left to smile over. They were going to force her to marry a tomb, a man in whom love and courage and joy were as dead things. Woe to Doppelkinn, though—woe to him! She would lead him a dance, wild and terrible.

If only she were Betty, free to do what she pleased; to go and come at will! She wasn't born to be a princess; she wasn't common-place enough; she enjoyed life too well. Ah, if only she might live and act like those English cousins of hers with whom she went to school! They could ride man-fashion, hunt man-fashion, shoot, play cards and bet at the races man-fashion, and nobody threatened them with Doppelkinn. They might dance, too, till the sun came into the windows and the rouge on their faces cracked. But she! (I use the emphasis to illustrate the decided nods of her pretty head.) Why, every sweet had to be stolen!

She would never marry Doppelkinn—never. She would never watch his old nose grow purple at the table. She would run away. And since Prince Charming was nowhere to be seen, it were better to die an old maid.

Presently the smithy came into view, emerging from a cluster of poplars. She rode up to the doors, dismounted and entered. Old Bauer himself was at the bellows; and the weird blue light hissing up from the blown coals discovered another customer. She turned and met his frank glance of admiration. (If she hadn't turned! If his admiration hadn't been entirely frank!) Instantly she saw Bauer's warning glance which that old worthy seemed immediately to understand. The stranger was tall, well-made, handsome, with yellow hair, and eyes as blue as the sky is when the west wind blows.

He raised his cap, and the heart of the girl fluttered. Wherever had this seemingly low come from?

"Good morning," said the stranger courteously. "I see that you have had the same misfortune as myself."

"You have lost a shoe?" Rather annoying, when one doesn't want a single break in the going. She uttered the words carelessly, as if she wasn't at all interested.

The stranger stuffed his cap into a pocket.

She was glad that she had chosen the new saddle. The crest and coat of arms had not yet been burned upon the leather nor engraved upon the silver ornaments, and there was no blanket under the English saddle. There might be an adventure; one could not always tell. She must hide her identity. If the stranger knew that she belonged to the House of Barscheit, possibly he would be frightened and take to his heels.

But the Princess Hildegard did not know that this stranger never took to his heels; he wasn't that kind. Princess or peasant, it would have been all the same to him. Only his tone might have lost half a key.

Bauer called to his assistant, and the girl stepped out into the road. The stranger followed, as she knew he would. It will be seen that she knew something of men, if only that they possess curiosity.

"What a beautiful place this is!" the stranger ventured, waving his hand toward the still lake and the silent, misty mountains.

"There is no place quite like it," she admitted. "You are a stranger in Barscheit?"—politely. He was young and certainly the best-looking man she had seen in a month of moons. If Doppelkinn, now, were only more after this pattern!

"Yes, this is my first trip to Barscheit." He had a very engaging smile. "You are from Vienna?"

"No."

"Ah, from Berlin. I was not quite sure of the accent."

"I am a German-American,"—frankly. "I have also spoken the language as if it were my own, which doubtless it is."

"America!" she cried, her interest genuinely aroused. "That is the country where every one does just as he pleases."

"Sometimes." (What beautiful teeth she had, white as skimmed milk!) "They are free?"

"Nearly always."

"They tell me that women there are all queens."

"We are there, or here, always your

Why Don't You Ask For What You Want

As long as you buy cigars in the old indifferent guess-work way of taking whatever is handed out to you—just so long will you pay for frequent disappointments.

Why don't you ask for what you want?

Don't guess which is the best cigar—and don't let anyone guess for you.

You can be sure. The better kinds of cigars are all distinguishable by the "Triangle A" mark of merit on the box.

"Triangle A" brands are unmistakably superior in all smoking qualities—in aromatic fragrance, smooth, uniform blend and absolute cleanliness—to cigars made the old way and "Triangle A" brands are the only cigars made the new way.

There are many "Triangle A" brands of many different names, different blends, different shapes and different prices to suit different tastes. The "Triangle A" is a guarantee that covers them all—it distinguishes the superior product of our new scientific manufacturing methods.

No better proof of our claims could be offered than is found in the wonderfully improved quality of

The New CREMO

which represents the best quality that can be produced and sold for five cents—it proves every claim we make for cigars sold under the "Triangle A."

Every box is extra-wrapped in glassine paper, sealed to maintain perfect smoking condition and cleanliness until the box is opened.

FEAR WEAKENING OF THE DRAGO DOCTRINE

SOUTH AMERICAN DELEGATES AT THE HAGUE UNEASY.

GEN. PORTER SATISFIED

British Propositions on Neutral Prizes and Contraband—Queen Wilhelmina to Receive Peace Conference Members.

The Hague, June 25.—The American delegation to the peace conference has not yet given out the definite draft of its proposition for the collection of contractual debts. This is causing some uneasiness among South American countries, especially after the publication Monday evening of the minutes of the sitting of June 19, from which it appears that Gen. Porter, in announcing the American proposition, said:

"The United States will present a proposition for concluding an agreement, in which it will introduce some limitations in using force for the collection of contractual, public and ordinary debts."

Fear for Drago Doctrine.

The feeling among certain South American powers is that the words "some limitations" show that it is the intention of the United States to reduce the Drago doctrine as to deprive it of its original character, thereby destroying the purpose for which it was intended—protection against illicit European interference.

Gen. Porter, on the other hand, appears to be satisfied with the work accomplished and is confident of the support of the European and South American countries in this matter. The American proposition relating to private property of belligerents at sea, presented Monday afternoon by Joseph H. Choate, established that this is "inviolable," with the exception of contraband, but "inviolable" does not extend to private property trying to run a blockade. Andrew D. White presented a similar proposition in 1899, but it was opposed by Great Britain and France. Now it may be accepted, with the addition of regulations granting the right of search, the right to remove cargoes suspected to be contraband or in case of breach of blockade.

Propositions by England.

The British proposition on the subject of neutral prizes establishes that prizes must not be destroyed unless deemed absolutely necessary. The British statement with reference to contraband reads as though Great Britain, which heretofore has held that the flag covers contraband, now only reserves the right to visit the ships to ascertain whether or not the merchandise carried is contraband.

Several of the delegates to the peace conference have received decorations from different countries, including Senor Don Gonzale de Quesada, of Cuba, who is the recipient of the Order of Christ of Portugal.

Queen Wilhelmina Arrives.

Queen Wilhelmina arrived Monday from Castle Loo and drove in a closed carriage from the railroad station to the royal palace, passing through the hall of knights. She will remain here only two days and will receive the delegates to the peace conference at the "House in the Woods," a royal villa situated about one and one-half miles from The Hague. The international peace conference of 1899 met in this villa.

SLAIN IN MAKING ARREST.

Young Man of Atlanta, Ga., Murdered by a Negro.

Atlanta, Ga., June 25.—Hal Brewster, 27 years old, the son of Col. P. H. Brewster, one of Atlanta's prominent lawyers, was shot and almost instantly killed on an excursion train between College Park and La Grange, Ga., Monday, by a negro named French Early.

Young Brewster and several others were deputized by the sheriff to arrest Early, who was wanted for a series of crimes. When they attempted to take the negro into custody he fired, killing Brewster and wounding several others. Early jumped from the train, but was captured later.

Anything to Please.

Servant girl No. 28 was inquiring into his qualifications to become her employer. He had answered five questions with apparent satisfaction, and his hopes were running high. Then the fatal question: "How many children have you?" "Two," he answered, "doing good," was the flippant response. "I never enter a family where there are children." His strained patience snapped. He seized her by the arm. "Say," he whispered, hoarsely, "come with me and I'll throw the children out of the window. Nay, more, I'll divorce my wife and marry you. Anything else that you want? Just mention it, and it shall be done."

The World His Oyster.

The novelist of to-day has one great advantage over his fellow of half a century ago. The telegraph, the newspaper and the illustrated weeklies and magazines have opened up the whole world to him and made it contributory to his talent. He can go to the uttermost points of the earth and the knowledge of the reader has preceded him. It acts as a fillip to the imagination; it certifies the correctness of the description; it adds always to the interest. The minute a place is mentioned, the mind of the reader gets at work and thus reinforces the novelist in a most vital point, that of atmosphere.

ATTACKS CZAR BY NAME MANIFESTO OF SOCIAL REVOLUTIONISTS IS ISSUED.

Calls on the Russian People to Continue by Force the Struggle for Liberty.

St. Petersburg, June 25.—The social revolutionist and group of toll members of the late parliament, numbering 139 deputies, Monday issued their anticipated manifesto summoning the people to continue by force the struggle for land, liberty and popular representation.

The documents, which proclaim that parliament perished for defending the people's rights, are remarkable for the fact that the emperor for the first time is attacked by name for breach of faith, the revolutionary proclamations having hitherto attributed all sins to the government, on account of the lingering sentiment of loyalty to the emperor among the peasant masses.

The proclamation of the social revolutionists, of which the revolutionary presses are now printing thousands of copies and with which the manifesto of the group of toll is practically identical, says:

"The government dissolved the duma because it needs an obedient duma which will support the interests of the aristocracy."

"The emperor did not hesitate, before a violation of his manifesto of October 30 giving the fundamental law and his solemn promise given at the Winter palace to the deputies of the first duma, to defend the liberties granted to the people. He announced before the whole people that the election law would only be modified with the assent of the duma, but now, without the permission of parliament, the people's rights are trampled upon and the government, relying on bayonets, openly pursues a course of forcible violation of the law."

MEDALS FOR TWO HEROES.

President Roosevelt Decorates Men For Railroad Life Saving.

Washington, June 25.—President Roosevelt, through the interstate commerce commission, Monday awarded railroad life saving medals to Charles Arms, of Clarksville, Tenn., and Edgar E. George, of Parsons, Pa.

Mr. Arms' heroic exploit was saving the lives of Mail Clerks J. G. Martin and Thomas A. Frazier and Baggage-man Robert L. Morris, whose train on the Louisville & Nashville railroad plunged through the draw bridge, over the Cumberland river at Clarksville, 50 feet down into the stream, which was at flood stage. The three victims, clung to the top of the partially submerged cars which were being swept down the river. At first none dared go to their aid, but Arms, who was confined to his bed with malarial fever, learned of the accident, and, partially clad, rushed to the river bank and appealed to bystanders to go with him in a boat to rescue the men. He finally pushed off alone, took off the imperiled trio and safely landed them.

George saved the life of a Polish lad whose foot had become fastened in a railroad frog at Parsons. Unable otherwise to extricate the boy's foot, he seized the boy's body, bent it down outside the rail, and forced the imprisoned leg under the engine cylinder oil boxes and steps on cars. They escaped uninjured except for the boy's badly sprained foot and leg and slight bruises sustained by George.

TO ENRICH THE POOR

MEXICO'S RICHEST MAN MAY DIS-TRIBUTE MILLIONS.

Thousands of Alvarado's Countrymen to Receive Aid from him—He May Yet Pay His Country's National Debt—Rapid Rise.

City of Mexico, June 25.—The richest man among the Mexicans, is about to distribute several million pesos among the poor of his country. He is the owner of the phenomenal Paimillo mine, in Parra, state of Chihuahua, and his only peer in wealth is Don Luis Terrazas, ex-governor of the state of Chihuahua, and father-in-law of Hon. Enrique Clay Creel, the new Mexican ambassador to Washington. Alvarado is rated at \$150,000,000, Mexican money. Of course, that is a moderate fortune alongside those of Rockefeller, Bell and other billionaires, but the Mexican millionaire, if Don Pedro is correct, is about to teach a lesson to many a man who might profitably go and do likewise. It is said that Don Pedro will distribute the sum of ten million pesos among the needy poor of Mexico soon.

It is not his plan to give the cash outright, but to provide homes and lands for the poor, and equip them so they can earn their living at trades and on plantations. It is a sort of cooperative plan; this philanthropic man will co-operate with Providence in the undertaking that will have the effect of making 10,000 Mexicans independent, educate as many poor children and give away a few odd millions every year. Ever since he got his money he has spent large sums along just such lines, and the new idea therefore is but a broadening of old methods on his part, for he has always been liberal to the poor and has erected quite a number of churches and school-houses where they were needed in the great state of Chihuahua.

Six years ago Don Pedro Alvarado was a poor miner, but soon fell under

DON PEDRO ALVARADO. (Mexican Millionaire Who Will Distribute Wealth Among the Poor.)

the witchery of fortune's smiles. Nearly two years ago he offered to the government of Mexico what is unique in human history—to pay off its public debt—but the offer was refused, while most graciously acknowledged. But it is said that he proposes to come to this city and see President Diaz and personally renew and press the offer. Don Pedro's capital is commencing to roll up so swiftly that he could easily pay off, with one check, the public debt of \$225,000,000 carried by Mexico, and that at an early date. Thus he would save to his country at least \$9,000,000 to \$10,000,000 per annum, as well as lift the principal itself.

Don Pedro Alvarado's plan to provide homes for needy Mexicans on a huge scale, if carried out, will establish a precedent in human history, and go to prove that after all the world is getting better when men of means will sacrifice for others. Senor Alvarado is credited with saying quite recently: "I got my money from the earth itself, which is a part of Mexico, and Mexico ought to receive some benefit from my acquisition." He said this referring to his pet scheme for paying the debt of his country.

Referring to his other plan for distributing relief to the needy of Mexico, Senor Alvarado is quoted as having said also last month, "Mexico has enriched me, why should not I enrich my countrymen? To erect monuments, establish libraries and universities only helps the rich and their children. But that form of philanthropy does not feed the body, clothe the naked nor save the souls of the deserving poor. I propose to give away much of my wealth before I die, for none of it can I take with me, and only a fool will hoard wealth while half the world starves." As Senor Alvarado has been in the habit of helping the poor who come within his radial activity ever since he commenced to acquire wealth, his words have not only much of power and beauty and homely force, but all the weight of consistent experimental endeavor.

Laborers Flock to Hawaii.

Philippine laborers are leaving Manila for Hawaii in parties of from 50 to 100. These men and their families go to Hawaii as contract laborers on sugar plantations. Extension of sugar raising in the Philippines can not be carried on while the door of the great American market is practically shut against Philippine products.

Summer School of the South.

Knoxville, Tenn., June 25.—The sixth session of the Summer School of the South opened today at the University of Tennessee under most

promising auspices. The session will extend over five weeks and courses are provided for teachers of all grades from the kindergarten to the college. A number of educational associations have arranged to hold their annual meetings in connection with the summer school.

FOUND LYING IN ROAD UNCONSCIOUS. AS RESULT OF APOPLECTIC STROKE

Utters' Corners, June 24.—M. Magoon started for Whitewater on Friday morning with a load of barley and when about one and one-half miles from town he felt sick and drove under a tree at the roadside. Shortly after, someone passing along the road found him lying on the ground unconscious and took him to the home of his father and mother-in-law, Mr. and Mrs. Luther Hader, in Whitewater. A doctor was called and pronounced him suffering from a stroke of apoplexy. He did not regain consciousness until Saturday evening. He does not know how he came to be on the ground as the last that he remembers is that he felt sick and drove into the shade. The team had turned around and headed for home, but in doing so got the wagon in a ditch and could not pull it out. The mail carrier on route 1 stopped at M. L. Hull's and notified Mrs. Magoon by telephone and she was soon at the bedside of her husband.

Eri Lewis hired a heavy draft team of Geo. Coburn, of Whitewater, last week to assist in getting his corn in. The team was hitched on the barn floor at night and the next morning Mr. Lewis found that one of the horses had broken through the floor and was dead, being hung up by the halter. The horse being a valuable one, makes it rather expensive for Mr. Lewis.

Utters' Corners will be well represented at Jansville, on the glorious fourth, that city having planned a most attractive celebration. Mr. and Mrs. Levi Gonia and daughter, Mr. and Mrs. Henry Young and daughter, and the Misses Nettie Farnsworth and Eliza Hadley attended Old Settler's meeting in Palmyra, Thursday.

Mr. and Mrs. Geo. Mawhinney and seven weeks' old daughter of Johnson, attended Children's day here Sunday morning and spent the afternoon at the John Shield's home.

Mr. and Mrs. Hady McLane hired Aca Dond last week to conduct their affairs at the Town Line creamery and drove to Hebron, Ill., and spent a few days with Mr. and Mrs. Wm. Heffron. They also called on his brother, Dr. McLane, at Walworth. John Erdman and his men began laying the wall for Wm. Teetshorn's new barn last week.

Grace Keach, of Richmond, spent a few days last week with her grandparents, Mr. and Mrs. Wm. Wright. Mrs. E. B. Warner of Whitewater has been a welcome visitor at the home of her daughter, Mrs. Ray Farnsworth, since Friday.

Thos. Welch and daughter Eleanor were in Jansville last Tuesday after Miss Eleanor's diploma. She also won third prize in the spelling contest.

During an electric storm Saturday lightning struck a chimney on Levi Eacker's house, but aside from giving the inmates a big scare no serious damage resulted.

Mr. and Mrs. H. E. Utter were recent visitors at the home of Mr. and Mrs. Wallace Taylor in Avalon.

Myron Paynter delivered his clip of wool to Whitewater-buyers Saturday at twenty-six cents per pound.

Mrs. James Godfrey of West Lima spent Sunday at the home of Mr. and Mrs. John Shields.

Geo. H. Roe and daughter went to Richmond Sunday to take their grandmother home.

FATAL HEAT IN PITTSBURG.

Eleven Deaths and Many Prostrations Within a Few Hours.

Pittsburg, June 25.—Eleven persons are dead and many prostrated as a direct or indirect result of the warm weather experienced in the Pittsburg district within the past 36 hours. There is no relief in sight before Tuesday night.

The intense heat came following a period of almost winter-like conditions, causing much suffering. Especially is the effect of the warm weather serious in the mills and manufacturing plants.

Damage Suit Against Harriman.

New York, June 25.—A suit for \$500,000 was started Monday in the United States circuit court by Henry M. Walker, a resident of New Jersey, against Edward H. Harriman and other defendants, alleging breach of contract, and conspiracy to prevent the construction of the Portland, Nehalem & Tillamook railway in Oregon.

Kentucky Man Kills Himself.

Danville, Ky., June 25.—A telegram from Jeannette, La., was received here Monday announcing the death of J. Warren Shelby, from taking carbolic acid with suicidal intent. The deceased was a son of Maj. Isaac Shelby of this county and a great-grandson of the first governor of Kentucky.

Pure Carelessness.

"There's no use your feeling so dreadfully depressed over the loss of your diamonds. Why do you carry on so?" "Because I'm so provoked when I think that if I had lost them five years ago their value wouldn't have been half what it is now."

Social.

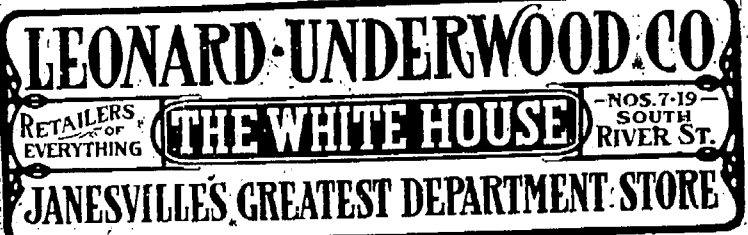

"Are you getting acquainted in your new neighborhood?" "Well, some. The postman and the ice man seem to be quite cordial, but I haven't met the ash man yet."—Philadelphia Ledger.

Rapidity of Nerve Action.

"No, ma'am," wrote a third-grade boy, "it don't take long for nerves to answer back. When you tell me to sit up straight, I hear it with the nerves in my ears, and my brain telegraphs back to do it quick because you will lick me if I don't."
